9 Organizational Chart

10 Student feedback mechanism on Institutional Governance/faculty performance

Principals/HODs and Class Advisors are in regular touch with students in respect of issues such as syllabus coverage, proficiency of lecturers, availability of books, facilities for sports and games, facilities for transport. The feedback is reviewed and necessary steps taken to improve matters. For example: if unsatisfactory feedback is received about any faculty member, the HOD attends his lecture and if the grievance is found to be genuine, counseling is done to faculty member. If in spite of this there is no improvement, the faculty member is replaced. Similarly students feedback in respect of extracurricular activities or availability of books, transport facilities etc is taken note of and deficiencies if any removed.

11 Grievance redressal mechanism for faculty, staff and students

College maintains an open door policy towards all grievances emanating from faculty or students. Students are free to contact HODs/Principal at any time not only during college hours but if necessary after office hours either on the phone or through personal visits to residence of faculty members/Principal. Similarly, regular faculty meetings are held in Principal's office once a week where all important issues relating to college matters are addressed.
